SUMMARY

Full-Stack Software-Engineer switching careers from the art world and using skills attained from coding bootcamp at the University of Pennsylvania to change the world. As an art professional, memorizing many works of art was very important and those memory skills will be beneficial for a career as a Software-Engineer.

TECHNICAL SKILLS

HTML5, CSS, Javascript, JQuery, React, Sass, MySQL, MongoDB, Node.JS, Express, Handlebars, Bootstrap, Github, Devtools, Command Line, Responsive Design, Wireframing, Heroku

PROJECTS

SushiRoll
Website: https://desolate-shelf-21688.herokuapp.com/ | **Code:** https://github.com/davidmstanleyjr/project-3
Summary: SushiRoll is a full-stack React app that allows users to search for and save their favorite Anime and Manga. The user creates a username and password so they can save the Anime and Manga to a database.
Technologies Used: React, SCSS, Bootstrap, Flexbox and Firebase.

Clicky-Game
Website: https://davidmstanleyjr.github.io/clicky-game/ | **Code:** https://github.com/davidmstanleyjr/clicky-game
Summary: Clicky-Game is the first React project from the bootcamp. It's a memory game that ends when you click the same image twice.
Technologies Used: React, Javascript and CSS.

RECENT EXPERIENCE

Freeman's Auctions // Exhibition Assistant - (2015-2019 // Philadelphia, PA)
- Recognized as the top exhibition assistant on the gallery floor.
- Utilized cataloguing software called RFC to catalog new works of art update information in the database.
- Frequently requested by all department heads to work their exhibitions/auctions to ensure works of art were sold.
- Trusted by the head of European Painting to catalog works of art held in on-site storage. Used art handling skills to ensure all works of art were properly cared for and suitable to be sold.

Barbara Wallace Corporate Art // Executive Assistant - (2013-2015 // Philadelphia, PA)
- Responsible for maintaining an Excel spreadsheet with information about each object.
- Maintain correspondence with all clients via email and telephone.
- Used exceptional research skills to execute research for objects from a private collection that has been sold to the Smithsonian Institution to be included in the new African-American Museum.

EDUCATION

Penn LPS - Certificate in Full Stack Web Development - (Philadelphia, PA)

UMass Amherst – Master of Arts in Art History - (Amherst, MA)

Penn State University - Bachelor of Arts in Art History - (University Park, PA)
